

GitHub Flavored Markdown Alerts

Callouts use a blockquote marker on the first line. They keep color accents in the PDF.

Note

Background context that helps the reader without blocking the main flow.

Tip

Prefer landscape for wide Mermaid sequence diagrams.

Important

Uploads are removed within 24 hours — see the Privacy Policy.

Warning

Browser print of a dark preview can wash out diagrams on paper.

Caution

Do not paste secrets into Markdown you plan to share as a PDF.
