

HTML in Markdown to PDF

Standard Markdown allows raw HTML. PrintifyMarkdown styles common tags for paper.

Accordions are forced open in the PDF so hidden content still prints.

Keyboard hint: press `Ctrl` + `P` only after you compile—browser print skips Mermaid waits.

Chemistry and math in HTML: H_2O and x^2 with highlighted terms, plus insertions and ~~deletions~~.

420 × 120

Figures keep captions under the image in the PDF.
